Welcome to the NCFR Conference!

The theme for the 2018 NCFR Annual Conference could not be timelier: a focus on cultural intersections in an increasingly interconnected and diverse world.

In the United States and around the world, migration and globalization are creating new points of contact between cultures. The 2018 conference program will address head on the issues created by cultural intersections. Special and invited presenter symposium sessions will highlight research on families in

Western and non-Western contexts, culturally and socially marginalized families, and families that live at or embody cultural intersections. You'll also hear about innovative evidence-based best practices, programs, policies, and pedagogies that promote family resiliency and well-being.

I extend a warm welcome to the students and new colleagues joining us. Every year I am heartened to be with colleagues who are conducting such important work to support families. I look forward to meeting all of you and hope we can have productive discussions that will continue to move our discipline forward!

Located just eight miles from the nation's capital, the Department of Family Science at the University of Maryland offers four programs: Ph.D. degrees in Maternal & Child Health and Family Science; M.S. Couple & Family Therapy; B.S. Family Science. The Family Science program provides interdisciplinary training in research, theory, policy and practice relevant to the health and well-being of families in contemporary society. Unique aspects of our training include: a focus on family health and well-being, engagement with culturally diverse populations, research opportunities with NIH and other

federal agencies, clinical couple and family therapy, and work in public policy settings. The Department houses the Center for Healthy Families, which provides training and research for the Couple & Family Therapy master's program.

The Department of Family Science has a long history of involvement in NCFR, including participation in leadership roles (President, Program Chair, Section Chair, Board Member); annual strong presence with the conference program, and an active student chapter, Maryland Council of Family Relations (MCFR).
